

Ahmed M. Znaty

Full Stack Developer

ahmdmznaty@gmail.com

Profile

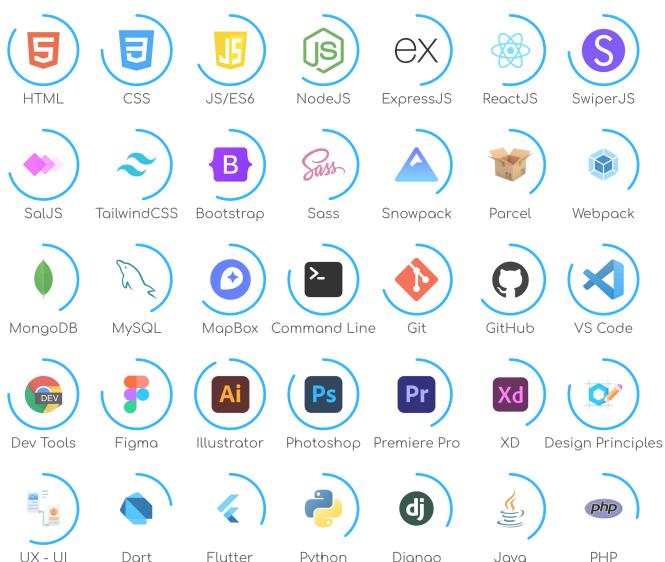

Welcome mr visitor, it's an honor to see you reading my modest cv. I've been a full-stack web developer and UI/UX designer for more than four years. I have good skills in programming and I'm a specialist developer in the web field. I love managing projects and working with people, and the most important thing is that I adore solving problems.
FOR SORRY I CANNOT WORK UNDER PRESSURE :(
